

STAFF REPORT

Consideration of Council Intergovernmental Assignment to Peninsula Congestion Relief Alliance

Honorable Mayor and Council Members:

Summary

At its meeting of November 25, 2003, Council made its regular annual changes to Intergovernmental Agency Assignments. A request was made at that time to revisit the Peninsula Congestion Relief Alliance to determine whether a change in that assignment was desired.

Background and Discussion

The Peninsula Congestion Relief Alliance meets quarterly to discuss regional traffic issues. Belmont's current delegate to this organization is Councilmember Mathewson, and Councilmember Bauer is the alternate. Any change in this assignment would be effective until late fall, when all Council Intergovernmental assignments will be reviewed and modified.

Fiscal Impact

There is no fiscal impact.

Recommendation

Council should decide whether to keep the assignment as it currently stands, or make a change for the remainder of the year.

Alternatives

Not applicable.

Attachments

None

Respectfully submitted,

Terri Cook, City Clerk
